NRG⁸-pLEX[™]

HAIRMAX[®]

Re•invent Your Hair With HairMax for Den•si•ty

The HairMax[®] for den•si•ty three step system is scientifically innovated with NRG⁸-pLEX[™], our proprietary blend of bio active ingredients that provide hair and scalp with increased energy, stimulation and essential nourishment. NRG⁸-pLEX[™] takes hair science to a new level with a targeted delivery system that focuses on hair and biological aging of the scalp. This liposome encapsulated delivery system maximizes the penetration of the active ingredients to transform thinning, lifeless hair into thicker, fuller more voluminous looking locks!

STEP 1

STIMUL8™
SHAMPOO

EXHILAR8™
CONDITIONER

HairMax® STIMUL8™ and EXHILAR8™ is the first step in the for den•si•ty Hair Care System. The gentle cleansing effect and moisture-balancing properties prepare the scalp to absorb the NRG8-pLEX™ blend, allowing for optimal delivery of the active ingredients. Additionally, the energizing formula supports hair strength by sealing the hair cuticle to prevent future breakage and product build up.

- Adds visible body and volume to the hair
- Supports health strength and defends against breakage
- Reduces build-up and promotes scalp microcirculation

STEP 2

ACCELER8™
HAIR BOOSTER + NUTRIENTS

LIGHT
ACTIVATED
INGREDIENT

THE HERO product in the for den•si•ty Hair Care System with Light Activated Ingredient

The second step in the for den•si•ty Hair Care System, ACCELER8™ Hair Booster + Nutrients truly lives by its name. This cutting-edge leave-in booster contains highly active ingredients encapsulated in a liposome to target the scalp and transform thinning, lifeless hair into fuller, voluminous looking locks.

- Instantly thickens to provide lift to the hair at the root
- Light activated ingredient enhances the HairMax laser hair growth treatment experience.
- Four Sources of ENERGY

STEP 3

RSN8™
PRO SCALP TREATMENT

The final step in the for den•si•ty Hair Care System, this innovative nighttime treatment rejuvenates, stimulates and nourishes your scalp. A concentrated blend of peptides, vitamins and vital extracts lay the groundwork for healthy hair development and provides the infrastructure to support a youthful scalp.

- Helps fight the signs of biological aging
- Nourishes and moisturizes hair and scalp
- Encourages a healthy hair growth cycle

Den•si•ty Active Ingredients

- **NRG8-pLEX™** - Proprietary bio-active complex that provides your hair and scalp with increased energy, stimulation and nourishment through a targeted liposome delivery system
- **Adenosine ATP** - Increases the Anagen stage and increases hair diameter.
- **Saw Palmetto** - DHT blocker, 5 alpha reductase inhibitor.
- **Caffeine** - Increases circulation in the skin and reduces transepidermal water loss, which improves the skin's barrier function.
- **Apple Stem Cell** - Protects and enhances the epidermal cells, which can delay biological aging in the skin.
- **Procapil** - Fights follicle aging.
- **Reishi Mushroom** - Also known as the "Mushroom of Immortality", as it slows down the premature aging of the hair and helps support increased blood flow.
- **Niacinamide** - A potent antioxidant, which protects the scalp and hair from environmental damage and free radical attack.
- **Pomegranate Oil** - Antioxidant with anti-inflammatory benefits.
- **Amla (Indian Gooseberry)** - For instant lift from the root out.
