30g bottle

HAIRMAX®

INSTANT
COVERAGE

NO FADE
FORMULA

HairMax Hair Fibers are keratin protein hair building particles that blend and statically cling to your existing hair to hide thinning areas. They instantly provide a dramatic increase in the density and volume of your hair and natural looking scalp coverage.

Re-designed to look more like real human hair, HairMax Fibers are now lighter, softer and uniform in length, providing a more natural looking appearance. They securely stay in place through humidity, wind and perspiration. Works great to temporarily cover up roots between color treatments.

Sulfate, Paraben and Formaldehyde Free

HAIRMAX® for den•si•ty HAIR FIBERS

BUILD VOLUME, DENSITY AND THICKNESS IN SECONDS

HairMax Hair Fibers are the perfect solution for men and women who want to conceal their hair loss and the thinning areas on their scalp. These high performance hair building fibers dramatically increase the look of hair thickness, volume and density. Transform the look of your hair and the way you feel about your appearance in an instant.

- Applies in seconds
- Easily washes out with any shampoo
- Statically bonds to your hair
- Great for root cover up between coloring
- Safe to use after hair transplant surgery or with other hair loss treatments

WHY CHOOSE HAIRMAX® for den•si•ty HAIR FIBERS:

- Fluffier, silkier, lightweight formula for more natural looking coverage
- No color fade or running when in contact with perspiration or water
- No added bacteriacides or preservatives which can cause skin irritation and dandruff
- Goes on dry. No odor
- Designed to look more like human hair, fibers are uniform in length and width for a silkier feel
- Smooth clump free formula
- Bottle designed with a patented funnel design shaker top allows all product to be dispersed evenly
- Packaged with specially designed tight seal so that the fibers do not absorb moisture
